

BELGRAVE CLINIC

3 Charleston Road, Ranelagh, Dublin 6.

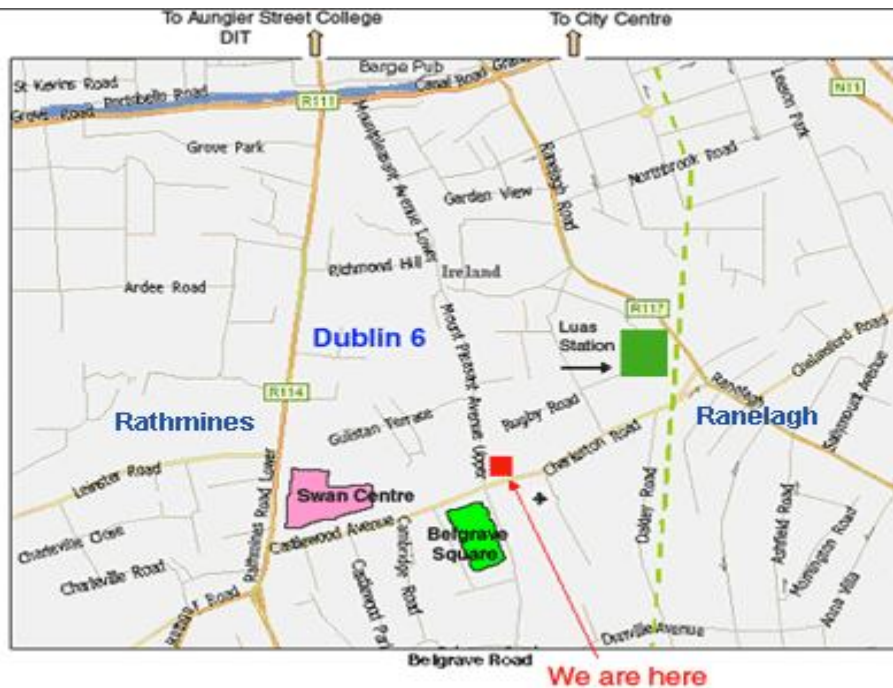

☎ 4975666 📠 4975660

Dr. Brendan Clune
Dr. Caoimhe Ryan

Dr. Janet Durkin
Nurse Sarah Collins

Location and Directions

The Clinic is located at 3 Charleston Rd, almost midway between Rathmines and Ranelagh villages in Dublin 6. It is the third building on the Ranelagh side of the crossroads involving Charleston Rd /Castlewood Avenue on the North side of Belgrave Square and Mount Pleasant Avenue/Palmerstown Rd on the East side of Belgrave Square. The traffic lights at this junction facilitate pedestrians. A former Methodist Church, now converted into offices, is across the road from the Clinic and is a useful landmark.

Walking/Driving:

Approaching from Ranelagh, the Clinic is 350 yards from the taxi rank at the "triangle" in the centre of Ranelagh and 450 yards from the Luas Station. Going in the direction of Rathmines, you pass under the bridge for the Luas and move into Charleston Rd.

Approaching from Rathmines, you turn onto Castlewood Avenue from the main street in Rathmines at the side of the Swan Shopping Centre. The Clinic is less than 400 yards from this corner, going in the direction of Ranelagh.

Driving from the City/Canal, however, you cannot make this turn to the left onto Castlewood Avenue at the side of the Swan Centre in Rathmines. On crossing the Canal bridge at Portobello therefore, it is best not to drive straight onto Rathmines Rd Lower, but turn immediately left down the canal and take the next immediate turn to the right after 20 yards. This brings you onto Mountpleasant Avenue which brings you straight to Belgrave Square in less than half a mile.

Parking:

The best parking facility is around Belgrave Square where there are usually spaces every day after 9.00am. Parking discs must be displayed. There are two ticket machines, one at the north west corner (Rathmines side) of the Square and another on the east (Palmerstown Rd) side, opposite the entrance to the park. There is one parking space in the courtyard in front of the Clinic. This is kept particularly for elderly patients, patients with a disability and parents with small children. Please use it when free. Other spaces may be available up Charleston Avenue(the road beside the Methodist church) and on Mount Pleasant Avenue. There is a car park in the Swan shopping centre in Rathmines.

Bus:

Rathmines and Ranelagh are on several bus routes that link the city centre to the south. For Dublin Bus Timetables go to www.dublinbus.ie.

Routes 14, 14A, 15A, 15B, 15C come from the city centre via College St to Rathmines, whereas the 65A, 65B and the 83 come to Rathmines via South Great Georges St and are useful for students coming from the DIT in Aungier St College.

Routes 11, 11A, 13B, 44, 48A come from the city centre to Ranelagh. Route 18 is a cross-city route that passes outside the Clinic door on Charleston Rd. It comes from Sandymount, via Ballsbridge and Baggot St to Ranelagh on the east and across Charleston Rd to Rathmines, Harold's Cross, Kimmage, Crumlin, Walkinstown, Ballyfermot and Palmerstown on the west. It is the only link to the DART, which can be accessed at Sandymount Avenue Station.

Luas:

Ranelagh is on the Luas "Green Line" (www.luas.ie). The walk from the station to the Clinic is 450 yards.
